

Dali economic

The new generation in homecare

everything
in between is
configurable

Dali economic
basic

Dali economic
pro care

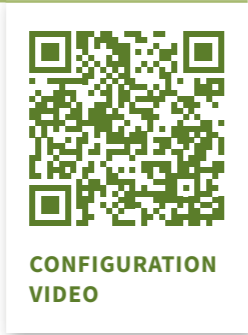

Strong advantages

- Choose between two standard configurations or configure your own Dali economic.
- The four-bed-stack saves freight costs and reduces the carbon footprint at the same time.
- With only 83 kg in the “pro care” version, it is an absolute lightweight! Maximum weight 15 kg of each individual bed part.
- Easy to assemble and set up.
- Excellent storability thanks to the four-stack system.

Customised according to your requirements

How to configure

Choose between our two on-stock versions for short term delivery or configure according to individual requirements with lead time.

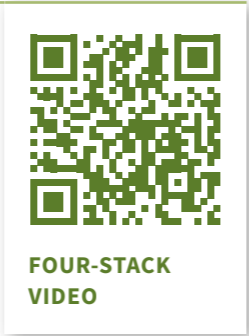

The Dali economic on the transport and storage aid fits effortlessly into any small Van or on a Pickup.

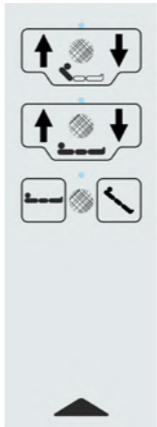

Four-stack with strong advantages:

- Sustainable and cost saving logistic
- Save up to 50% logistic costs
- Easy to unstack
- Unique solution designed by Burmeier

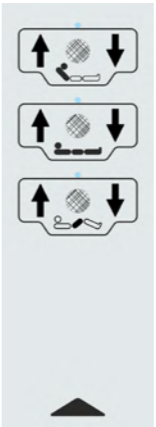

Handsets

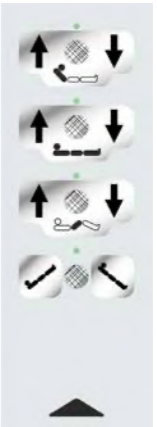

Depending on the configuration, the appropriate handset can be selected. The "basic" and "pro care" versions are already equipped with a suitable handset. Additional handsets can be ordered as accessories for both versions.

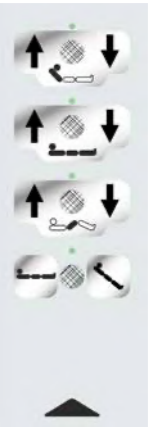

▲ HL 73 "Standard" included in basic version

▲ HL 73 "pro care" included in pro care version

▲ HL 74 "Trendelenburg"

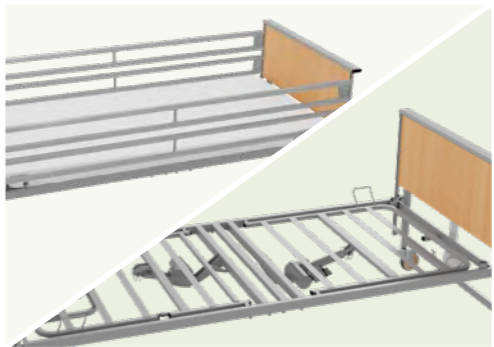

▲ HL 74 "Anti-Trendelenburg"

▲ HL 75 "Contour"

optional

▲ Dali economic with metal safety sides and metal mattress base.

▲ Dali economic with wooden safety sides and wooden mattress base.
