

Etac Edge shower stool

The versatility of Edge makes it the perfect shower stool.

Space saving and remarkably stable

The triangular Edge fits perfectly in a shower corner and it thereby takes up very little space. Another benefit is that the walls will provide the user support, which makes it a very safe and stable solution. Additionally the large soft ferrules ensure a stable grip on the floor. Edge is height adjustable which enables a perfect seat height for everyone.

Pain relieving positioning

Pain relief of the hip joints can be obtained by using saddle positioning, hence having one corner facing forward when sitting. It is also possible to set the height with a slight tilt, to facilitate standing up. A soft seat is available as an accessory for extra comfort.

Easy handling

Edge is corrosion free and designed for easy cleaning. The light weight makes it easy to move and it is stackable for easy storage. Edge comes flat packed and is simple to assemble and adjust in height without using tools.

Edge is available in two heights.

Accessory

Soft Seat

A comfortable soft seat with an instantly warm feeling.

Material:

Cellular polyethylene
