

Etac Beauty body care products

Beauty is our award-winning range of ergonomically designed body care products. Each product has a unique shape that makes reaching when washing and hairstyling easy. The products are all carefully designed to provide maximum strength with minimal effort or strain on hands, arms and shoulders.

Beauty Back washer is designed to facilitate a two hand grip.

Body and/or back washer

Beauty body or back washer is designed to make it easy to reach and clean the body. The wash cloths do not absorb water which make the products light and balanced even when wet. The handles are oval and have a surface which enables a secure grip. The wash cloths are replaceable.

Beauty Body washer has a body friendly curved design.

Hair washer

Beauty hair washer substitutes the fingers to apply shampoo and massage the scalp. The shaft and handle are of the same design as the body washer, making it easier to reach the head without strain on the hands, shoulders or arms.
