ES-D Malmart Bedpan/Urinal Bottle Washer Disinfecter

Malmart ES-D Bedpan/Urinal Bottle Washer Disinfecter range is the most efficient and effective method of washing and disinfecting bedpans and urinal bottles.

Independently micro-tested, Malmart ES-D devices are proven to inactivate organisms (bacteria and viruses) generally found in bedpans and urinal bottles.

The detergent wash ensures that faeces etc are properly removed before the final steam disinfection, ensuring efficacy to the highest relevant Australian and ISO standards. Also, designed with the environment in mind, the ES-D range of products has one of the lowest energy usage rates in the industry.

- Low water and power consumption
- Large capacity: 1 bedpan and 2 urinal bottles per cycle
- Standard universal rack will also accept bariatric slipper pan
- Detergent cycle
- Infection Control: Microbiologically tested by an independent NATA certified laboratory
- Hands-free operation to minimise infection control risk
- Simple controls, easy to operate
- Steam disinfection with inbuilt steam generator – no external hot water supply required
- Disinfection to higher AO 600 level as recommended by ISO 15883
- No venting required
- Available in 240 V 10 A and 240 V 20 A
- Compliant to relevant electrical safety, Watermark standards
- ARTG Certification 232012 to industry highest Class 11b level
- Malmart Door Obstruction Feature - This is factory set to 12 Nm \pm 10%; causing the door to re-open when an obstruction is detected. This is designed to protect the integrity of the device and the articles within.
