Ergonomic Measuring Tape

new

seca 201:

high-quality
medical products.

In the seca 201 you've found exactly the right products if you're in search of a measuring tape that is clearly a cut above the rest. Or if you're looking for a measuring tape with millimeter markings that can accurately measure to five millimeters.

- Retractable measuring tape for precise body measurements.

Millimeter graduation for accurate measurements.

seca 201:

The seca 201 is a true medical product. It's very easy to pull out the tape, which just as easily clicks back into place. Handling is extraordinarily convenient. Made of durable materials, the scale features a tape with a top measurement of 205 centimeters and its own low weight of only 55 grams.
