Mattress Replacement

Infection Control

Aerotex Coverlet

Rapid CPR Deflation

Quick Connect Coupling

True Low Air Loss

8 inch Air Cells

Cable Management

Easy Cleaning

Global Leader in Wound Care, Distributed in Over 40 Countries Worldwide

The Carilex Mattress Replacements are designed to facilitate blood circulation and provide maximum tissue pressure redistribution and relief for treating and preventing pressure injuries.

They form the ideal therapy system when used with a compatible pump, providing low noise levels and a comfortable modular cell design for superior sleeping quality.

GENERAL FEATURES

Deep Fluid Immersion	Allowing maximum pressure redistribution through deep depth immersion in 8" tall air cell
Rapid CPR Pull Tab	Deflating the entire mattress within seconds in case of an emergency
True Low Air Loss	Providing excellent airflow to assist in managing the heat and humidity (microclimate) of the skin
Directional Snap	Specifically designed buttons provide better structural stability from air cells
Multiple Coverlet Material	Standard breathable quilted nylon coverlet or the optional Dartex or Aetex coverlet providing high quality waterproof and air permeable medical fabric.
Heel Guard	Constantly lower pressure at the heel section relieving pressure and protecting patients heels
Anti-skid Security	Anti-skid mattress base with security straps, keep the surface in place on the bed frame
Superior Sleeping Quality	Soft material and modular air cell design to help patients with a good night's sleep
